MOECC Increasing EASR fees for Permit to Take Water

The Ministry of Environment and Climate Change (MOECC) is increasing the fees for registering on the Environmental Activity and Sector Registry (EASR) for your permit to take Water (PTTW). The original EASR fee of \$1,190 is increasing to achieve full cost recovery.

The new fee structure will come into effect on December 1, 2016. Details on the revised EASR fee structure can be found on the Environmental and Regulatory Registries at the following [link](#).

Should you wish to meet with ministry staff to be briefed on the fee changes, we would be happy to convene a meeting with interested stakeholders during the last week of October, or first week of November.

Please feel free to contact Jelena Crnokrak at the MOECC [(416) 325 – 7615 or Jelena.Crnokrak@ontario.ca) if you have any questions or require additional information.
